DETAILED ACTION

Response to Amendment

1. Applicant's arguments with respect to claims 1-12, 16-20, and 22-25 have been considered but are moot in view of the new ground(s) of rejection which is provided in response to the amendment of the claims as originally presented.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Art Unit: 2645

3. Claims 1-12, 16-20, 22-23 are rejected under 35 U.S.C. 102(e) as being anticipated by Schnarel et al. (#6,389,124).

The claims read on Schnarel as follows: Schnarel teaches (via reference to Abstract; figures 1, 13; col.4,ln.5-30; col.5,ln.19-28; col.6,ln.15-20; col.7,ln.1-6 ; col.7,ln.56-65; col.8,ln.50-col.9,ln.15; col.11,ln.17-22; col.14,ln.49-65; col.23,ln.11-58) a system, method and computer program product for managing information including for recorded messages, processor for origination identification data, display for record display, and selector for enabling selection of displayed record in desired manner to playback messages. Figure 1 shows a representative display with the respective fields as claimed and a scrolling button on the right with touch screen application for selection via col.6,ln.15-20. Records are displayed as rows (lines across screen horizontally), a scroll control enables to scroll up and down the records, ports are provided for connection to incoming line as well as for connection to alternate communication device with suggestion of desktop PC for terminal. The records have plurality of fields including the indicia of time of occurrence, identity, recorded message, content. The rows are shown provided with columns via figure 1 which also shows the records with numerous indicia.

Conclusion

4. The prior art made of record and not relied on is considered pertinent to the claimed subject matter.

Art Unit: 2645

5. Claims 24 and 25 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
